HOW TO APPLY

Toronto Metropolitan University International College (TMUIC) is essential to the university's internationalization efforts.

This partnership helps Toronto Metropolitan to grow and diversify its international student population; improve international students' academic outcomes; broaden the university's international programs and services; and enhance its global reach and reputation.

In its first year of operation, TMUIC has welcomed 207 students from 35 countries to partake in programming and begin their pathway to higher education. I'm looking forward to seeing the number of programs and students at TMUIC continue to grow to enable even more students from across the globe to pursue their higher education goals at Toronto Met.

Toronto Metropolitan has committed to becoming a leading city-facing innovation university with a global reach. Our collaboration with TMUIC will contribute to this goal to become a global urban innovation university.

**Mohamed Lachemi,**  
President & Vice-Chancellor  
Toronto Metropolitan University

We are thrilled that you are considering Toronto Metropolitan University International College (TMUIC). TMUIC is a dynamic institution that provides a variety of pathway options that prepare students for a future at Toronto Metropolitan University. As an TMUIC student, you will be part of a college that focuses on your academic and career goals. You will experience the advantages of smaller class sizes, a supportive student environment as well as many opportunities for leadership and skill development during your time with us. Studying at TMUIC will provide you with the support you need to start off strong and continue to meet your academic goals at Toronto Metropolitan University. The team and I look forward to welcoming you to the TMUIC community and wish you all the best in your academic and career endeavours.

## A city of possibilities

University life is different in the heart of Canada's most dynamic city. When you step out of the classroom, there's an array of activities and opportunities that await you.

From Toronto's diverse neighbourhoods to its globally renowned food scene, the city is a hub for cultural exploration and discovery. It's also the economic capital of Canada. When you study here, you'll find countless internship options and local partners to launch your big idea and you'll have access to a robust job market to help you kick-start your career.

From here, you can go anywhere.

### AVERAGE TEMPERATURES

Toronto has four distinct seasons.

<b>Fall</b>	5 to 15°	Wear a light sweater.
<b>Winter</b>	-10 to -5°	Wear a hat, gloves and warm jacket
<b>Spring</b>	5 to 12°	Wear a light jacket.
<b>Summer</b>	15 to 25°	Wear light, breathable fabrics and sunscreen.

The two things about TMUIC that I love the most are the professors and the community. The faculty are always there to help us with our questions, even going as far as meeting with students one-on-one. They truly want us to succeed. TMUIC offers a range of opportunities outside of academics, such as student leadership, volunteering and peer support. Through these programs, I gained new skills and made so many great connections!

# Zone Learning

You don't have to wait until you graduate to gain career-ready skills and experience to put on your resumé.

Toronto Metropolitan's Zone Learning is for anyone who wants to get practical experience in what it takes to build an initiative/venture from the ground-up. Through workshops, bootcamps, and mentorship, you'll make the most of exciting grants, awards and competitions. Collaborate across disciplines to create social change, contribute to a big idea or even launch your own startup.

By graduation, you could be creating jobs rather than competing for them.

# Supporting your Success

TMUIC offers a wide range of support services and programs to help you achieve your academic potential and to ensure you continue to develop personally while maintaining a balanced lifestyle.

## Transition at Toronto Metropolitan University

TMUIC organizes special information sessions for students who are due to complete UTP Stage II and transfer to Toronto Metropolitan University. These sessions provide advice about the application process, the program structure, and the student support available at Toronto Met.

## Student Activities

At TMUIC, we understand the transition to university level studies can be challenging for some students. To help you develop the skills necessary to successfully complete your studies, TMUIC offers a variety of study and learning support services.

Our Student Success Advisors, in conjunction with various teaching staff members, organize a number of free information sessions and workshops that teach time management and study skills. Student Success Advisors provide program advising, organize interactive cultural seminars and are available daily for drop-in advising sessions.

Academic Workshops are held regularly for you to work through the writing process: drafting, researching, structuring, referencing, and proofreading. You can chat and connect with TMUIC instructors during their office hours each week with any questions you may have.

In addition, TMUIC's Peer Educator program allows TMUIC students to learn from one another, creating an inclusive, welcoming space where students can seek extra support from their classmates.

## Personal Support

A free and confidential advisory service is available in case things do not go as planned or personal issues arise. If anything is preventing you from enjoying your academic, social or personal life, connecting with an TMUIC Student Success Advisor is often a good start for resolving issues.

You also will have access to other health, counseling, and personal support services. All TMUIC students are subscribed to the keep.meSAFE program which offers 24/7 access to mental health support, with access to live counselors who can speak to you in English or your own language by text or phone.

## Student Activities

The TMUIC Student Experience Team coordinates regular activities and social events that will give you opportunities to enjoy all the city and campus have to offer. Being involved in non-academic, extracurricular activities while studying at TMUIC helps students broaden their outlook and skills.

You will also have the opportunity to take part in the TMUIC Student Leadership program, which includes Peer Education. The program consists of Student Led groups dedicated to ensuring a positive student experience while also helping students build their leadership skills and gain valuable volunteer experience.

## Accommodations

Located in the heart of Toronto, the Toronto Met campus is integrated into the dynamic downtown core. A variety of accommodation options are available to fit your unique needs including, apartments, condos, houses, or homestays.

Interwoven throughout the downtown, all styles of accommodation will be located close to all the essential necessities and accessible transit.

for more information and to find what best suits your needs, please visit: [torontomuic.ca/student-life/accommodation](https://torontomuic.ca/student-life/accommodation)

Toronto is such a diverse and beautiful city. I have family here, so it's been great to connect and spend time with them as well. Overall, everyone is happy to help each other. I'll never forget arriving to the city for the first time and seeing the university. It was such a motivating experience!

\*The Canadian High Commission, in accordance with visa assessment guidelines, may place additional English language proficiency requirements on students from particular countries, which may differ from published requirements listed above.

\*\*Students with IELTS 6.0 overall (with Reading and Writing minimum 5.5), TOEFL 79 (minimum 18 in all bands) or Duolingo level of 100, are exempt from the Introduction to our Learning Community course (ILC 101).

Students wanting to submit TOEFL scores should request that originals be sent to TMUIC directly quoting Institution Code C801.

In addition to the IELTS and TOEFL tests, students may satisfy the University's English language proficiency requirement in other ways as outlined on the University's website: [torontomu.ca/admissions/undergraduate/requirements/english-language](https://torontomu.ca/admissions/undergraduate/requirements/english-language)

## Important Notes:

A credit in Grade 12 English (or the equivalent) in and of itself, is not enough to satisfy the English Language Requirements.

Students attending a Canadian curriculum offshore school in China are required to submit an English Language Proficiency test.

Students currently attending an Ontario high school and who previously attended a Canadian curriculum offshore school in China will be required to provide an English Language Proficiency test.

TMUIC reserves the right to require applicants with an English Language Proficiency score disparate from their academic English prerequisite achievement to present further evidence of proficiency.

### Academic Entry Requirements:

Entry into UTP Stage II generally requires the successful completion of Year 12 of secondary school or its equivalent with overall and individual subject requirements depending on program. Specific minimum academic requirements are listed below\*\*. Admissions assessments are based on an applicant's complete academic record.

\*\*Meeting minimum admissions requirements as listed below does not guarantee admission. This information is a guide only and is subject to change without notice.

Not all qualifications are listed, so if you have other qualifications, please send details to **admissions@torontomuic.ca** for assessment.

### Mathematics requirements

The completion of secondary school mathematics (or equivalent) at an acceptable level is required for entry into UTP Stage II in the International Economics and Finance stream, and for some countries for all streams (see below table).

Once accepted to TMUIC, before you start a Business Management or International Economics and Finance program you will be required to take the Math Placement Assessment. Students may be required to complete a preparatory math course in the first term of UTP Stage II as a prerequisite to the required math course for their program. The preparatory math course is additional to your required courses for Business Management or International Economics and Finance.
